

Narzędzia frezerskie składane - Frezy kuliste

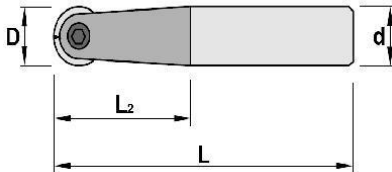

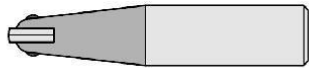

BT9641

Charakterystyka:

Indexable ball nose semi-finishing and finishing cutter equipped with positive insert that provides low cutting forces and reduced vibration. Its accurate pocket ensures that the insert is firmly fixed. Milling cutter equipped with cylindric shank.

Zastosowanie:

Ball end mill for tool and die applications. This indexable ball nose cutter works well on steels, hardened steels, stainless steels and casts.
